

Find the artwork that was made with each tool or material. Sketch it or describe it next to the material.

Before:

Which tool do you think will make the largest artwork?

Which tool do you think would be the most fun to draw with?

What would you draw with one of these materials?

During:

Do you see any artworks in this gallery that were made with these tools?

How many artworks in this exhibition were made with each tool?

What kind of picture did Vik Muniz make with each tool? Sketch it or describe it.

What special skills did Vik Muniz need to use that unusual tool?

How many times do you think he practiced?

Do you see any art in the exhibition made of a materials not on this page? What kind?

After:

Which tool would you like to try?

What supplies would we need to practice that?

Where could we work on our project?

Map out a plan for using one of these tools to make your own artwork.

Is that something you can do on your own or do you need help?
